

PRESS RELEASE

RELATECH: AGREEMENT WITH LOGISAN S.P.A., ACTIVE IN THE DISTRIBUTION OF PHARMACEUTICAL AND HOSPITAL PRODUCTS IN SUPPLY TO DIFFERENT DEPARTMENTS, FROM FIRST AID TO INTENSIVE THERAPY AND SANITARY PRODUCTS OF PRIMARY NEED AGAINST COVID-19

Milan, April 21st 2020

Relatech S.p.A., *Digital Enabler Solution Company* and innovative SME listed on AIM Italia market (Ticker: RLT), announces that it has received an order, on April 20, 2020, for the contractual start-up of a new project for the implementation of **Oracle NetSuite** business applications with **Logisan S.p.A.**, a company specialized in the distribution of healthcare and pharmacological products with a strong network sale in Italy and abroad. The agreement is part of the evolution of the cloud based Relatech platform **RePlatform** with the support of the international Oracle NetSuite team.

Logisan S.p.A., a company capable of satisfying the requests of over 250 private clinics, has as its objective the rationalization of supplies in the health sector, avoiding waste. Its wide range of pharmaceutical products and hospital supplies meet the needs of different sectors of intervention, from the emergency room to intensive care, surgery, etc.

Silvio Cosoleto, Vice President of Sales Relatech, comments *"In this period of international health emergency, companies like Logisan are at the forefront of the fight against Covid-19 pandemic. The state of emergency has increased exponentially the requests for instruments and equipment, especially the supply of respirators for intensive care. Logisan therefore decided to invest in the digitalization and modernization of its core business processes by adopting a new generation technological platform, entirely in the cloud, to optimize financial management and to enhance supply-chain systems. We are proud to be able to collaborate with a customer like Logisan and with the international team of Oracle NetSuite, demonstrating the increasingly recognized know-how of Relatech even beyond national borders".*

Angelo Souther, Senior Manager Italy of Oracle NetSuite, declares “NetSuite is happy to be able to actively participate with its partners in the fight of Covid-19. Thanks to the collaboration with Relatech, and to their professionalism and competence, we are pleased to have received the trust of Logisan S.p.A. in the adoption of Oracle NetSuite Cloud Business Applications ”.

Relatech will support Logisan throughout the life cycle of the project, for which it will adopt the **Oracle NetSuite** business applications and will make use of **RePlatform**, digital platform, to enhance and complete its functionality.

Relatech (ticker RLT ISIN IT0005371874), Digital Solution Company listed on AIM Italia since June 2019, is present on the market with innovative solutions dedicated to the digital transformation of companies. Relatech is an innovative SME focused on customers looking for the most innovative solutions, becoming a strategic partner for digitization and ICT services. Relatech constantly invests in innovation with an extensive R&D activity carried out internally and numerous partnerships with the main Italian universities and research bodies. Thanks to its digital platform cloud-based RePlatform, it develops solutions in the four high-growth technological areas: digital customer experience and marketing automation, artificial intelligence and big data analytics, cybersecurity and blockchain, internet of things and industry 4.0.

Logisan was born in 2004 with the aim of rationalizing supplies and avoiding waste in the health sector. The idea is simple and at the same time ambitious: centralize purchases to obtain better prices. Today, Logisan is a reality capable of satisfying the requests of over 250 private clinics, with a constantly growing turnover. Thanks to a sales network present throughout Italy, an accurate and timely customer care service, advanced cloud solutions for the management of supplies, Logisan is able to offer a global service that covers the entire spectrum of hospital supplies.
