

PRESS RELEASE

## RELATECH SIGNS A TECHNOLOGICAL PARTNERSHIP AGREEMENT WITH CREDEMTel, A COMPANY OF GRUPPO CREDEM, FOR THE COMPLETE MANAGEMENT OF IT SECURITY SERVICES

Milan, June 26<sup>th</sup> 2023

**Relatech S.p.A.**, *Digital Enabler Solution Know-how (DESK) Company* listed on the Euronext Growth Milan market (Ticker: RLT), announces that it has signed a strategic agreement with **CREDEMTel S.p.A.**, a company of **GRUPPO CREDEM**, for the management of cybersecurity services for its customers ***ReSOC, the proprietary asset of cybersecurity services and solutions of the Relatech ecosystem.***

The partnership agreement is the result of a long selection process that Credemtel started about two years ago aimed at identifying and selecting the best partner with high know-how and expertise in the field of IT security that could integrate with cyber skills by Credemtel. Relatech, through its subsidiary Mediatech, has been selected as the best digital partner with proven skills in the field of security, among numerous candidate companies nationwide.

Relatech and Mediatech, together with Credemtel, will distribute the **ReSOC solution to guarantee all-round data and information security and the ReCloud service**, based on cloud technology to **guarantee a modular, flexible and scalable service** thanks to professional and configurable according to customer needs, managed by Relatech through latest generation technical infrastructures hosted in Enterprise-level Data Centers with the highest quality and safety standards. ReSoc and ReCloud are part of a solid and modular offer; in fact, they are based on the ***digital Cloud RePlatform*** platform, a set of technologies, expertise and know-how deriving from the companies' part of Relatech and from the ecosystem of technological and scientific partnerships with universities and research centres.

***ReSOC** is the managed cybersecurity service, equipped with a control room at the highest security levels, able to offer advanced MDR (Managed Detection and Response) and EDR (Endpoint Detection and Response) services. It is the ideal solution to prevent possible security problems and promptly intervene in the event of intrusion or attack on the corporate IT/OT infrastructure through tested and certified incident management procedures. Thanks to a multilevel defense strategy and latest generation tools, ReSoc ensures all-round protection of all corporate IT assets: the access perimeter, local and geographic networks, all types of endpoints, including mobile and IoT devices, software applications, databases and sensitive information. The service can be configured according to the real needs of the customer with modular service levels and is managed by highly experienced and certified personnel.*

**Silvio Cosoleto, COO Relatech**, and **Giuseppe Dominoni, CEO Mediatech**, declared: *"We are very happy to start this important collaboration agreement with Credemtel, a company of high standing, and belonging to CREDEM, one of the most solid Italian banking groups. We*

*are extremely proud to have been chosen, among many national realities, as the reference digital partner and above all that Credemtel has grasped the total security and reliability of our services which are the result of a high level of know-how also deriving from the research ecosystem and Relatech development, as well as vertical skills in frontier digital technologies, such as cybersecurity, a market in constant evolution and with significant growth forecasts in the coming years. For us, it represents a very important opportunity to further strengthen our presence on the finance market in which Relatech has already been active for years and on which it relies heavily in terms of business opportunities. We are sure that the collaboration with Credemtel will be full of satisfactions on both sides”.*

**Giancarlo Caroli, General Manager of Credemtel**, declares: *“We are very satisfied to join forces and skills with the Relatech Group to protect companies within very accelerated paths for digital transformation where cyber risks are significantly influenced by attacks that are increasingly threatening, incisive and amplified also by geopolitical events. Improving the technological resilience, awareness and culture of people and economic operators is also a social, economic sustainability and Group Wellbanking issue”.*
