

## PRESS RELEASE

### RELATECH BECOMES PART OF THE INTERNATIONAL CONFERENCE OF THE ITALIAN ASSOCIATION FOR ARTIFICIAL INTELLIGENCE

**Today Relatech will discuss Artificial Intelligence applied to industry 4.0 as part of the 22nd AIXIA Conference in Rome, at the Museum of Civilizations.**

Milan, 6<sup>th</sup> of November 2023

**Relatech S.p.A.**, *Digital Enabler Solution Know-how (DESK) Company* listed on the Euronext Growth Milan market (Ticker: RLT), will participate for the first time in the [International Conference of the Italian Association for Artificial Intelligence](#), which this year will address the theme **"Artificial intelligence as a lever of energetic, economic and social sustainability"**.

The event, held annually since 1991, has reached its **22nd edition**, and this year it is hosted by the main public universities of the capital, "La Sapienza", "Tor Vergata" and "Roma Tre", on the centenary of the foundation of the National Research Council (CNR).

**Relatech**, for the first time, was chosen to take part in the **opening event** dedicated to the meeting between the members of the association and the companies, this afternoon, **November 6th** at the **Museum of Civilizations in Rome**. It will be an opportunity to share knowledge of one's reference sectors and the related possible AI applications, with the aim of creating a moment of synergy between Universities and Companies, together tracing a photograph of the current industrial ecosystem.

**Michael Prisco**, **CEO of IoT Catalyst** a Relatech Group company, specializing in the Internet of Things, will be a speaker at the AIXIA event which precedes the start of the Conference, and will present Relatech's experience on AI applications and research in the "Industry 4.0" sector, but not only, it will give value to continuous investments in research and development activities in collaboration with **scientific partners**, many of which are involved in AIXIA, such as well-known Italian universities and research centers, with which Relatech forms an ecosystem.

Furthermore, until **November 9th**, Relatech will also be present at the Conference with a stand inside the University Studi Roma Tre, to present the ongoing projects, including the collaboration in [Agritech](#) (National Center for Technology Agriculture) for more sustainable through innovative technologies, and then [InMoto](#) and [Realter](#), both aimed at studying assistive technologies for ad hoc rehabilitation processes for patients with neurological damage or with sensory, motor and cognitive motor disabilities.
