

PRESS RELEASE

RELATECH: TENDER PROJECT LAUNCHED WITH LEADING PLAYERS IN THE INDUSTRIAL AUTOMATION SECTOR

- The Relatech Group carries out design, construction and commissioning of automation systems
- The collaboration contract has an estimated value of Euro 1.8 million over a three-year duration

Milan, 28th of November 2023

Relatech S.p.A., *Digital Enabler Solution Know-how (DESK) Company* listed on the Euronext Growth Milan market (Ticker: RLT), has started the activities relating to an important tender project, awarded in 2023, for a **primary international company, leader in the industrial automation sector.**

The project, worth **Euro 1.8 million** on a three-year basis, involves the execution of ***Design, Engineering, Application Implementation and Commissioning activities of Industrial Automation*** systems based on *the PLC/DCS and SCADA* platforms of the main market. For the project, started in October 2023, Relatech has put into practice the experience gained in the construction and implementation of technological subsystems for the supervision and remote control of mechanical, electrical, safety systems for infrastructures and construction sites both at national and international.

In particular, through [ReFAB](#), ***the end to end solution for the digitalisation and complete control of the entire production chain***, Relatech will be able to guarantee maximum efficiency, predictively reducing machine downtime. Furthermore, thanks to the ***RePlatform*** cloud platform, the company involved will have an innovative technological asset and proven vertical skills in the world of IoT and industrial automation thanks to the know-how of all the Group companies.

Silvio Cosoleto, Chief Operating Officer Relatech, declares: *"Thanks to the synergy created between the Group companies, the know-how and many years of experience in the world of IoT and the all-round smart industry, we can affirm that the industry is managed by us effectively and with excellent results. We have technological assets available, such as the **RePlatform** platform, a set of technologies, methodologies and skills, which allowed us to win this important project with an international market leader, with whom, we are certain, we will achieve important goals."*
